## **AMENDMENTS TO THE SPECIFICATION**

Please add the following new paragraph beginning at page 1, line 2:

## -- Cross-Reference to Related Applications

The present application claims the benefit of and priority to PCT Application No. PCT/GB2004/001592 filed on April 8, 2004 claiming priority from British Patent Application No. 0308825.9 filed on April 16, 2003, the entire contents of each of which are incorporated herein by reference.--

Please replace the paragraph beginning at page 1, line 19, with the following rewritten paragraph:

-- It is an object of the present invention to overcome or substantially alleviate the disadvantages with conventional ducting and provide a ventilation duct that has the desirable aspects of being easily manufactured, stored, transported and erected for installation such as those mentioned above.--

Please insert the following heading at page 1, line 23:

--Summary--

Please replace the paragraph beginning at page 1, line 24, with the following rewritten paragraph:

-- According to the invention, there is provided a seamless ventilation duct [[including]] comprising a plurality of elongate panels and integrally formed hinge means, each panel being joined to an adjacent panel by the integrally formed hinge means to enable relative movement between said panels so that the duct [[to]] can be collapsed for transportation and/or storage.--

Please delete the paragraph beginning at page 1, line 28.

Please replace the paragraph beginning at page 2, line 25, with the following rewritten paragraph:

-- The present invention also provides a method of manufacturing a seamless extruded ventilation duct [[including]] comprising a plurality of elongate panels and integrally formed hinge means, with each panel being joined to an adjacent panel by said integrally formed hinge means to enable relative movement between the panels, comprising the steps of extruding or moulding the duct, allowing the duct to cool and folding the duct about the hinge means to collapse it for transportation or storage.--

Please insert the following heading at page 3, before line 1:

-- Detailed Description of the Drawings--

Please insert the following heading at page 3, line 11:

-- Detailed Description of Embodiments--
